

Join us for a Character & Presence Leader Lounge  
hosted by the ASEE LEAD Division

**Monday, Dec 2nd, 12 - 1 pm EST**

On behalf of the ASEE LEAD Division Executive Board, Colonel Mike Manning, Northeastern University's Gordon Institute Professor, invites you to **attend this 60-minute virtual leader lounge**, a conversation centered around the power of character and its relationship to leadership presence.

This interactive session, which is informed by Dr. Kilner's scholarship and leadership experience, explores why leaders are more effective when they embody a strong presence. Two factors that contribute to a leader's presence are their self-confidence and the respect of others, both of which are strengthened by their character. In this presentation, we will discuss practical ways to steadily improve our character and therefore our presence as leaders.
