ASEE LEAD Division 2024 Annual Conference News

Believe it or not, we're already starting to gear up for the 2024 Annual Conference in Portland, OR, June 23-26! Abstracts open for 2024 Conference, as of October 1st. November 1st is the abstract submission deadline.

Please find additional information about the conference on the [LEAD](#) or [ASEE](#) websites. The LEAD call for papers details may be found [here](#).

Call for Papers for the 2024 Annual Conference is available here: [2024 LEAD Call for Papers \(all divisions included\)](#). Scroll down to 'Engineering Leadership...' (alphabetical list), and click on the '+'. Please note that Safari may have issues with the site.

ASEE LEAD Officer Elections and Nominations – 2023 to 2024

Congratulations to...

Andrea Chan for being appointed as the Awards Committee Chair.

Mike Manning for being appointed as the Director of Strategic Planning.

Rebecca Komarek for being appointed as the Director of Scholarly Activity.

Coming soon... Brief summaries monthly executive team meetings.

Do you want to become more involved in the LEAD division, but aren't sure how? We're looking for volunteers to help us improve our community and special events. Please reach out to your nearest exec member (or the Membership Chair, [Brett Tallman](#), of course. In addition, we'll be reaching out to some of you who have expressed interest previously. We're looking forward to changes on the horizon...

ASEE LEAD LinkedIn

Don't forget to follow us on the LEAD Division LinkedIn page! You can find us on LinkedIn [here](#).

***NEW* ASEE LEAD Division – Cheers and Congratulations**

**Would you like to have yours or someone else's accomplishment(s) to be highlighted in the next ASEE LEAD newsletter? If so, email your kudos to [Brett Tallman](#). Be sure to include the name, institution, and title of the person you are congratulating and why you are congratulating them.

Division Paper Spotlights

**Would you like to have your recent publication to be highlighted in the next ASEE LEAD newsletter? If so, email your kudos to [Brett Tallman](#). Be sure to include the name,

institution, and title of the person who is lead or corresponding author, as well as the title and publication information of the paper.

Engineering Leadership Development Program Spotlights

**Would you like to have your engineering leadership development program to be highlighted in the next ASEE LEAD newsletter? If so, email your kudos to [Brett Tallman](mailto:Brett.Tallman@asee.org). Be sure to include the name of the program, institution, and why you would like them to be in the spotlight.

Open Position Announcements

Assistant Professor, Engineering Pathways, Gallogly College of Engineering, The University of Oklahoma

<https://monolith.asee.org/sales-and-marketing/advertising/classified-advertising/job-postings?direct=4711>

The Gallogly College of Engineering is rapidly growing with a strategic focus on increasing the number of engineering graduates and increasing our research portfolio. Our plan for student body growth is built around new programs that support and educate our student body in meaningful ways to recognize and encourage new ways of thinking, understanding and experiencing. We have recently launched a new Engineering Pathways Program and are seeking 2 additional teaching-focused faculty members who are passionate about teaching and mentoring students. These faculty will be instrumental in designing and implementing our student-centered plan for growth and will be working collaboratively with the rest of our Engineering Pathways team, with our Gallogly Student Affairs Team, and with faculty and staff across the college.

We are seeking candidates aligned with two areas of expertise:

- 1) experience or expertise in **first-year engineering education**
- 2) experience or expertise in supporting **mathematics success** for engineering problem solving.

The Gallogly College of Engineering seeks candidates who contribute to fostering a collaborative and welcoming environment in all aspects of faculty responsibility, including within the classroom, the academic community, and within their professional

commitments. The successful candidates will be expected to have a passion and commitment for supporting the retention of engineering students coming from all backgrounds.

Applicants must have earned a PhD in engineering, computer science, education or mathematics by the date the position starts. Candidates with Ph.D. degrees in engineering education or engineering leadership are preferred. Experience with engineering student education through teaching and student mentoring is required. For more information about the position and the application process, please see <http://apply.interfolio.com/127121>. Questions may be emailed to Dr. Randa Shehab (rlshehab@ou.edu). Applications will be reviewed until positions are filled.

****Does your program or department have an open position that you'd like to announce in the next ASEE LEAD newsletter? Are you an ASEE LEAD Division member? ASEE will post all positions requested by ASEE members (for engineering leadership development related positions and others) and all engineering leadership development-related positions (even if requested by someone not a member of ASEE LEAD). Email [Brett Tallman](mailto:Brett.Tallman) so we can get the open position posted in the next ASEE LEAD newsletter! Open position announcements will run as long as the position is open and your institution is accepting applications.**
